Description

The Foscarini Folio Grande Soffitto is a stylish ceiling light for a beautiful evenly and diffused light emission. The glass of the Folio Soffitto Grande is white but there is also a version with silkscreen printed glass available.

The glass has a wonderful slightly curved shape. It looks like a piece of paper that is bent in itself. The socket with the bulb is surrounded by a small closed housing so you can not look into the light source and hence can not be blinded.
