Description

The Serien Lighting SML Wall lamp is 3 cm high and is offered in three lengths: 9 cm (Small), 13 cm (Medium) and 17 cm (Large). This wall lamp is available with two lamp covers. The two covers provide a different light distribution, either symmetrically diffusing light upwards and downwards (satinée / satinée) or dimmed to one side (satinée / raster). The satinised diffuser allows light to pass through completely in both directions, the black raster is almost completely opaque, so that light is only emitted through the satinised side. Wall reflectors, wall covers and mirror adapters are available as accessories.
