

Ingo Maurer

Max Mover

Technical details

Country of Manufacture	 Germany
Manufacturer	Ingo Maurer
Designer	Maurer, Ingo & Team
Year of design	2000
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Projection in cm	110 - 210
material	aluminum, fiberglass, metal
height adjustment	height adjustable
dimming	on site dimmable with a trailing edge dimmer
switchability	at the light body
Wattage	12 W
LED	inclusive
Colour Rendering Index	97
Luminous flux in lm	1,380
Color temperature in Kelvin	2,700 extra warm white
Shade diameter	16 cm
bulb exchange	on site itself

Description

The Ingo Maurer Max Mover LED is a versatile wall light that can also be used as a ceiling light. It consists of aluminum, metal and fiberglass. The lamp is fastened with nylon ropes and is thus both adjustable in height as well as rotatable. As a ceiling light, the light can be swiveled horizontally by up to 180 degrees, as a wall light around 90 degrees. If the lamp is mounted on the ceiling, the cable can be shortened if necessary. The telescopic arm can be extended from 110 cm to 210 cm, which allows an individual lighting direction. On the handle, the reflector is swiveling in two directions. The Ingo Maurer Max Mover has a cable length of 400 cm. An on / off switch is located at the end of the light rod, the light is also dimmable on site.
