lamp stand

25 cm dimensions

system performance 1 x 100 + 1 x 60 Watt (max.)

light distribution room light

Dimensions H 173 cm | Ø 25 cm

Description

The Oluce Lu-Lu 311 floor lamp is a design by Stefano Casciani from 1996. It consists of two parts of high-quality Murano glass, which are operated with two lamps. A double switch is integrated with which the upper part of the lamp can be dimmed and the lower part can be switched on and off. In this way, both parts can be regulated separately. The lamp base is made of brushed and the rod is made of chromium-plated metal. Oluce offers from this series also a table lamp, which can be combined perfectly. Both Lu-Lu lamps have a high light output.
