### Description

The Catellani & Smith Wa Wa T is a table lamp. Its three light arms are bendable and can be adjusted along the light rod in height. The lamp arms are made of nickel-plated copper. The glass lens at the end of each arm bundles the light. The Wa Wa T is part of the Eco Logic Light series, a group of particularly environmentally friendly LED lighting. The LEDs are in extra warm white with a colour temperature of 2,700 Kelvin. Each LED has 1 watt with 100 lumens. The LEDs of this table lamp can be replaced if necessary. A dimmer is integrated on the supply line.
