## Description

The Vistosi Cristallina is a pendant lamp with a shade made of mouth-blown crystal glass. The multi-layer glass is available in the shade colours white smoked and black smoked. The largest part of the light is emitted directly downwards, a part of the light is also reflected from the lamp shade. The pendant lamp has a diameter of 24 cm at its widest point and a height of 17 cm. The integrated LED has a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. It is also available with 0-10 volt or push dimmable on request. The cable is shortenable. With the supplied ceiling hook, the pendant lamp can also be mounted independently of the power outlet.
