Description

This Vita P pendant lamp has a shade diameter of 50 cm. The lamp shade is made of high-quality chintz material and is closed at the top and bottom by a cover. This ensures that the light is glare-free both upwards and downwards. Depending on the shade colour, the light radiates through the shade into the room. The following shade colours are available: white, sand, light grey, champagne, slate and wave optics white. The total height of the Vita P 50cm is maximum 140 cm, if required the cable can be shortened. Both halogen lamps and LED retrofits are suitable as light sources. In addition to this lamp with a shade diameter of 50 cm, versions of the pendant lamp with 40 cm or 60 cm are also offered.
