## **Technical details**

Manufacturer Bover	
Manufacturer Dover	
Designer Christophe Mathieu	
Year of design 2017	
protection IP20	
Scope of delivery LED	
voltage suitability 110 - 240 Volt	
material aluminum, Iron, polycarbonate	
dimming DALI dimmable	
Wattage 28.8 W	
LED inclusive	
Colour Rendering Index 90	
Color temperature in Kelvin 2,700 extra warm white	
canopy dimensions 12 cm	
Shade diameter 11 cm	
Shade height 11 cm	
bulb exchangeat the manufacturer / at the factor	tory
Total luminous flux in lm3,348	
light distribution room light	
Ceiling rail length 180 cm	
total height 54 cm	

### Description

The Drop Linear PF/09L from the Spanish lighting manufacturer Bover is an LED pendant lamp with nine individual pendants mounted on a black 180 cm long aluminium ceiling rail. The distance between the individual pendants is 20 cm. The power connection is located on a decentralised canopy with a diameter of 12 cm. The glass of the Bover Drop Linear PF/09L can be removed for replacement or cleaning. The nine lamp shades each have a diameter of 10.7 cm and are 11.2 cm high. This LED pendant lamp is available in the shade colours transparent, matt white, green and blue. The distance between the ceiling and the lower edge of the individual pendant lamps is 54 cm. 13 different cable lengths are available on request. You can therefore choose the length of your lamp to suit your individual requirements. When ordering, please specify the required length/distance between the ceiling and the lower edge of the lamp under the item Order overview in the Order comments field.
