Description

The Serien Lighting SML2 Wall 300 White is an LED wall lamp with a housing made of white aluminium. It is operated with an LED, which is offered with a colour temperature of 2,700 Kelvin extra warm white or 3,000 Kelvin warm white. The wall lamp is available with different lamp covers: With the lamp covers, it is possible to either scatter the light upwards and downwards (satinée / satinée) or to scatter it in one direction and, depending on how the lamp is fixed, to dim it downwards or upwards (satinée / raster). Cover plates and mirror adapters are offered as accessories.
