Description

The Bomma Phenomena Pendant Large Ball is a spherical pendant lamp with a diameter of 55 cm. Including the suspension, it has a height of 77.5 cm. The glass of the lamp is made of mouth-blown crystal glass, which is mixed with coloured glass in a complex manufacturing process. This ensures that the glass colour is particularly durable. Each glass is mouth-blown individually and is therefore unique, so that the colour shade and intensity can vary.

This Phenomena pendant lamp is available in the glass colours flamingo pink and smoke grey. The suspension of the lamp is offered in silver or gold polished. The canopy has the matching colour to the suspension in each case. A black textile cable with a maximum length of 250 cm is included and can be shortened if necessary. On request, the pendant lamp is also available with other cable lengths. The E27 socket can be operated with LED retrofits. The Phenomena Pendant Large Ball is also offered as a Small version with a diameter of 40 cm.
