

LDM

Drop Uno Surface-mounted

Oberfläche

- matt aluminum
- polished aluminum
- black
- bronze
- white

Dimmbarkeit

- DALI dimmable
- on site dimmable with a trailing edge dimmer
- with Casambi module

Technical details

Country of Manufacture	 Germany
Manufacturer	LDM
Designer	Jürgen Glauner
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
Diameter in cm	7
material	aluminum
cable length	200 cm
height adjustment	height determinable
Wattage	8.75 W
LED	inclusive
Colour Rendering Index	>95
Luminous flux in lm	781
Color temperature in Kelvin	Dim to warm
canopy dimensions	10 cm
bulb exchange	at the manufacturer / at the factory
Dimensions	H 16 cm Ø 7 cm

Description

The LDM Drop Uno Surface-mounted is a height-determinable pendant lamp with a lamp shade made of aluminum. Its light is distributed focused and homogeneously downwards through a frosted optical lens. The lamp is offered in the surfaces aluminum polished, aluminum matt, bronze, white and black. The cable of the lamp has a maximum length of 200 cm and can be shortened if necessary. Special lengths for the cable and various cable colours are also available on request. As standard, the lamp in matt aluminum, white and black is supplied with a white cable, the lamp in polished aluminum with a cable in anthracite and the lamp in bronze with a cable in copper.

The pendant lamp is offered in three versions: dimmable on site with a trailing edge phase dimmer, DALI dimmable or with integrated Casambi module. The DALI version requires a 5-core mains cable. With a Casambi module, the lamp can be operated via smartphone or tablet using the Casambi app via Bluetooth. Casambi technology also offers the possibility of regulating several suitable lamps in groups.

When dimming the Drop Uno surface-mounted lamp, the light colour of the integrated LED changes to a warmer tone (from 3,000 Kelvin warm white to 1,800 Kelvin extra warm white) due to the used Dim-to-warm technology. This pendant lamp is suspended from a ceiling canopy made of aluminum, which has the same surface as the selected lamp. The canopy has a diameter of 9.8 cm and is 4.6 cm high. On request, the Drop lamp is also available as a recessed lamp or with a decentralised suspension that can be mounted independently of the power connection. From the Drop series, LDM also offers multiple pendant lamps with two (on request), three or four lights as well as the height-adjustable Drop Move.
