

Gera Leuchten

Avion Wall Lamp 150

Oberfläche

- aluminum
- black brown

Technical details

Country of Manufacture	 Germany
Manufacturer	Gera Leuchten
protection	IP20
Scope of delivery	LED
voltage suitability	230 - 240 Volt
material	aluminum
cable length	200 cm
dimming	Micro button switch on the light
Wattage	22 W
LED	inclusive
Luminous flux in lm	1,051
Color temperature in Kelvin	2,700 - 6,000 adjustable
bulb exchange	on site itself
Dimensions	H 4 cm B 9 cm L 150 cm

Description

The Avion wall lamp by the German manufacturer Gera Leuchten has a 4-stage swivel range that allows the emitted light to highlight different wall areas depending on the setting. In four selectable stages (4-stage by 69 degrees), the lamp can be adjusted to illuminate wall areas of different sizes underneath it. This LED wall light is in the surface aluminium-coloured. The Avion by Gera Leuchten is 150 cm long, 8.8 cm wide and 4 cm high. The lamp connection is located centrally, directly at the connection terminal. The lamp can be dimmed and the colour temperature adjusted from 2,700 Kelvin extra warm white to 6,000 Kelvin cool white via an integrated micro-knob switch. The scope of delivery also includes a two-metre plug-in cable.
