

Domus

Tintin 54

Oberfläche

- Black oak
- White oak

Schirmfarbe

- cream
- Rosewood
- smoke

Technical details

Country of Manufacture	 Germany
Manufacturer	Domus
Year of design	2019
protection	IP20
Scope of delivery	Leuchtmittel/ Bulb
voltage suitability	110 - 240 Volt
material	aluminum, oak Tree, Textile, wood
dimming	cord dimmer
socket/light fixture	E27
Power (max. Watt)	60 Watt
Shade diameter	25 cm
Shade height	18 cm
lamp stand dimensions	14 cm
total height	54 cm

Description

The Tintin is a table lamp by Tina Bunyaprasit & Werner Aisslinger for Domus Licht as part of the "Designers Collection by Domus Licht". Two simple lines become one lamp through the rotationally symmetrical shapes of the wooden base and shade. "In the digital age, simple geometric shapes are experiencing a revival - the more complex everyday life becomes, the greater the longing for clear shapes and proportions. The Domus Tintin plays with analogies to archetypal objects such as chess pieces or historical columns", Werner Aisslinger explains the concept. The Tintin 54 by the German manufacturer Domus is available in two finishes, white oak or black oak. For the lampshades, you can choose between the trendy corduroy in the colours cream and rosewood or the simple smoke-coloured lampshade. This table lamp has an E27 socket and can be operated with all standard lamps (halogen, energy-saving lamps or LED). The cylindrical lampshade is 18 cm high and has a diameter of 25 cm. The total height of the Tintin table lamp by Domus is 54 cm. A textile-covered cable functions as the supply line, silver-grey for the surface in white oak, and anthracite for the surface in black oak. A hand dimmer on the supply line of the lamp regulates its brightness.
