## LARAwood Ceiling Lamp L

### Oberfläche

- walnut
- Black oak
- White oak

### Technical details

<b>Country of Manufacture</b>	 Germany
<b>Manufacturer</b>	Domus
<b>Year of design</b>	2012
<b>protection</b>	IP20
<b>Scope of delivery</b>	LED
<b>voltage suitability</b>	230 - 240 Volt
<b>Diameter in cm</b>	55
<b>material</b>	acrylic glass, aluminum, wood
<b>dimming</b>	on site dimmable with a trailing edge dimmer
<b>Wattage</b>	25 W
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	>92
<b>Luminous flux in lm</b>	3,100
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>Dimensions</b>	H 15 cm   Ø 55 cm

### Description

The successful combination of high-quality materials and uncomplicated design allows for use in project, office and private areas for the Domus LARAwood Ceiling Lamp L. The light-intensive LED ceiling lamp, whose ring-shaped lampshade seems to float on the ceiling due to a thumb-width distance, also provides ceiling illumination thanks to its open construction. The diffuser, which is deliberately placed high, makes the material used inside directly tangible and ensures an optimal diffusion of the light. The LARAwood ceiling light L by the German manufacturer Domus has a diameter of 55 cm and is 15 cm high. This dimmable ceiling light is equipped with an LED module with a power of 25 watts and a luminous flux of 3100 lumens. The light of the integrated LED is characterised by a very good colour rendering with a high colour rendering index of Ra > 92. This LED ceiling light is available in walnut, black oak and white oak finishes.
