Description

Like a dress in the updraft above an underground shaft, the NormaJeane Lusso by Lichtlauf floats above the table and sends powerful, soft light downwards. The shade of this pendant lamp is available in gold, copper and silver. Each lamp is individually formed by hand and unique. The top and bottom of the aluminium lampshade are optionally available hand-applied with gold, silver or copper leaf. The integrated LED with an output of 12 watts has a colour temperature of 3,000 Kelvin warm white. The light of the integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra 90. The lampshade of the NormaJeane Lusso is 40 cm wide, 40 cm long and 12 cm high. Due to the handcrafted manufacturing process, there may be irregularities in the leaf-finished surface. This pendant lamp has a 200 cm long transparent cable, which can be shortened if necessary. The height adjustment is made directly on the wire cable. The Normaleane Lusso by Lichtlauf is available as a dimmable or nondimmable version. On request, this lamp is also available with other pendant lengths.
