Description

The Lichtlauf Casino group consists of three individual lamps, each of which represents a geometric figure. Three white dodecahedrons as a luminous light sculpture. The mild light of this lamp illuminates the room and creates a special lighting mood. The white pendant lamp is made of resistant and high-quality polycarbonate. The Lichtlauf Casino group consists of three individual lamps of different sizes with a diameter of 37 cm, 44 cm and 56 cm. The Lichtlauf lamp combination can be mounted anywhere on the ceiling, regardless of the position of the power outlet. The V-shaped suspension on the transparent cable emphasises the dancing, floating character of the lamp. The Casino group by Lichtlauf has an E27 socket for each lamp and can be operated with conventional halogen lamps as well as with LED retrofit lamps.
