## Nans A/01 Outdoor

### Schirmfarbe

- red
- pale ivory
- brown

### Technical details

<b>Country of Manufacture</b>	 Spain
<b>Manufacturer</b>	Bover
<b>Designer</b>	Joana Bover
<b>Year of design</b>	2022
<b>protection</b>	IP65
<b>Scope of delivery</b>	LED
<b>voltage suitability</b>	230 - 240 Volt
<b>Depth in cm</b>	27
<b>material</b>	aluminum, polycarbonate, polyethylene, stainless Steel
<b>dimming</b>	on site dimmable with a trailing edge dimmer
<b>Wattage</b>	8 W
<b>LED</b>	inclusive
<b>Colour Rendering Index</b>	90
<b>Luminous flux in lm</b>	635
<b>Color temperature in Kelvin</b>	2,700 extra warm white
<b>Shade diameter</b>	17 cm
<b>Shade height</b>	17 cm
<b>bulb exchange</b>	at the manufacturer / at the factory
<b>Wall mount surface</b>	brown
<b>Wall mount dimensions</b>	12 cm

### Description

The Bover Nans A/01 Outdoor wall lamp has a lamp shade made of a hand-woven, synthetic polyethylene fibre. The lamp shade is 16.5 cm high and has a diameter of 16.7 cm. The synthetic polyethylene fibre is so resistant and weatherproof that this lamp is also suitable as an outdoor lamp. With a protection rating of IP65, the wall light is dustproof and protected against water jets from any angle. The light is emitted glare-free downwards through a diffuser made of polycarbonate. Due to the structure of the hand-woven lamp shade, the light is also emitted laterally, creating a light as well as shadow pattern on the wall.

The Nans A/01 Outdoor is offered with a lamp shade in the colours red, brown and beige. The wall mounting made of stainless steel and aluminum always has a graphite-brown colour. Including the wall bracket, the lamp is 26.5 cm deep and 26 cm high. The wall lamp is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The LED can be dimmed on site with a trailing edge phase dimmer. A version that can be dimmed with a Casambi module by smartphone via Bluetooth is also available on request. This optionally offered version with Casambi module can be operated easily and intuitively via mobile devices using the free CASAMBI app (iOS and Android). Casambi thus extends the control options with functions such as dimming, grouping of lamps, programming of groups and scenes, automations and much more.

Cala Nans is a small cove in Cadaques (Spain), accessible only by footpaths or by sea. An unspoilt corner of the Mediterranean, where the vegetation and the vigilance of an old lighthouse make this place a primordial spot where all you can hear is the sound of the sea and the birds flying over the coast. The Nans lamp is characterised by high-quality craftsmanship of the lamp shades and creates a true Mediterranean style.
