

B.Lux

Aspen C17A

Version

- E27
- LED

Technical details

Country of Manufacture	 Spain
Manufacturer	B.Lux
Designer	Werner Aisslinger
Year of design	2014
protection	IP20
Scope of delivery	Leuchtmittel/Bulb
voltage suitability	110 - 240 Volt
Diameter in cm	17
material	aluminum
surface	grey
dimming	dimmable on site
Dimensions	H 22 cm Ø 17 cm

Description

The B.Lux Aspen C17A ceiling lamp has a ceiling mounting with a grid, through which some light is also emitted laterally and upwards. This creates a light effect on the ceiling around the lamp. The lamp offered here has a grey surface.

The Aspen C17A is available in the versions E27 and LED. The E27 version has an E27 socket and can be operated with replaceable LEDs (retrofit). The LED version is operated with an integrated, power-efficient LED. The integrated LED has an output of 16.6 watts and a colour temperature of 2,700 Kelvin extra warm white. Other surfaces for the ceiling lamp are offered on request (see configurator PDF). Besides this lamp, the Aspen C17B with a diameter of 17 cm and a height of 34 cm is also available from B.Lux.
