

Domus

Fläks Table Lamp

Technical details

Country of Manufacture	 Germany
Manufacturer	Domus
Designer	Urban Schnieber
Year of design	2013
protection	IP20
Scope of delivery	LED
voltage suitability	110 - 240 Volt
Depth in cm	20
material	felt, Lunopal, metal, oak Tree, Textile
cable color	grey
dimming	cord dimmer
socket/light fixture	E27
Power (max. Watt)	15 Watt
LED	inclusive
shade color	white
lamp stand dimensions	length 24, width 21 cm
bulb exchange	on site itself
total height	55 cm
Dimensions	B 15 cm

Description

The Domus Fläks Table Lamp is 55 cm high and 15 cm wide. Its depth is 20 cm. Thanks to an integrated magnet, the lamp can be positioned freely on the lamp base. The lamp base is made of white, powder-coated metal. Its lamp shade is made of Lunopal, a high-quality material that Domus has developed for its lamp shades. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The completely environmentally friendly material is UV-resistant, washable and does not fade. There is a hand dimmer on the supply cable. The Fläks Table Lamp has an E27 socket that can be operated with replaceable LEDs (retrofit).
