

Foscarini

Tress Parete piccola

Farbe

- blanco
- negro

Technical details

País de la Fabricación	 Italia
fabricante	Foscarini
diseñador	Marc Sadler
protección	IP20
Volumen de suministro	Lámpara
entrada de tensión	110 - 240 Volt
material	La fibra de vidrio, metal
Atenuación	Regulable en el sitio
base/porta lámparas	R7s
Alimentación (máx. Watt)	120 Watt
El flujo luminoso en lm	2.250
Temperatura de color en grados Kelvin	2.950 blanco cálido
distribución de la luz	La luz de la habitación y directamente
Dimensiones	H 40 cm B 25 cm

Descripción

The Foscarini Tress Parete piccola is the smaller one of the two wall lamps out of the famous Tress collection designed by Marc Sadler. It has a height of 40 cm and is 25 cm wide and has an outreach of 13.5 cm. It is offered in white and black.

Colour also transforms its personality: the white version renders it light discrete, the black version makes it strong and decisive. A light source from below illuminates the whole light from within and underlines the graphic effect of the weave projecting designs of shade and signals of light. The internal surface appears much clearer than the external one which creates further contrast. An upper light source emanates light towards the ceiling to light the whole space.
