### Descripción

The Byok Nastrone adds a modern floor lamp to the popular Nastrino collection. It is ideal as a reading light for contemporary seating areas and is equipped with modern LED technology. The base of the Nastrone can be swivelled and is easy to move. A spring-loaded joint connects the horizontal luminaire arm to the luminaire rod.

The luminaire's ingenious joint technology allows it to be adjusted in a variety of ways, allowing the light to be directed exactly where it is needed. With its high-quality LED technology and two glare-free light zones, the Nastrone provides ideal light. Two efficient LEDs are included. The Nastrone consists of plain polished aluminium profiles. The following surfaces are available: matt aluminium and matt black. The floor lamp can be switched via a 2-step switch.
