Dimensions	H 5 cm B 5 cm

Descripción

The Byok Linea 50 LED pendant light has a square cross-section with a height and width of 5 cm each. The wide range of technical lighting equipment variants of the lamp enable precise lighting control with an extremely "tidy" appearance. This gives the necessary freedom to the interior design. The pendant lamp is supplied as dimmable on site. On request, it is also available with integrated motion and daylight sensor.
