## Descripción

The Foscarini Lumiere XXL Lettura is a floor lamp that the designer Rodolfo Dordoni created in 2015 after a newly revised design of 2009. The lamp has a total height of 144 cm and a shade with a diameter of 37 cm. The light is emitted directly downwards and also into the room.

The Lumiere XXL Lettura has a blown glass diffuser, available in the colours white and cool grey. The frame is made of painted aluminum and is offered in black chrome or untreated aluminum.

A dimmer to regulate the light intensity is included on the cord. Four halogen lamps with each a maximum of 33 watts of power can be used as light sources.
