Technical details

País de la Fabricación	 Italia
fabricante	Catellani & Smith
diseñador	Enzo Catellani
año	1997
protección	IP20
Volumen de suministro	LED
entrada de tensión	110 - 240 Volt
material	acero, aluminio
Atenuación	Cable de dimmer con slider
LED	incluyendo
Indice de reproduccion cromatica	80
Temperatura de color en grados Kelvin	2600 - 2800

Descripción

The Catellani & Smith Stchu-Moon 1 is a floor lamp made of an aluminum hemisphere. The interior has an irregular, relief-like surface covered with gold leaf, silver leaf or copper. The external part of the hemisphere is kept in matt black for all versions. The reflectors containing the lamps are also in black and illuminate the inside of the hemisphere. The floor lamp is available in two sizes: with a diameter of 40 cm or 60 cm. The version with 40 cm diameter has a reflector, the version with 60 cm has two reflectors. A dimmer with slider is integrated on the cable.
