Technical details

| | |
|---------------------------------|--|
| País de la Fabricación |  Italia |
| fabricante | Oluce |
| diseñador | Studio 63 |
| año | 2011 |
| protección | IP20 |
| Volumen de suministro | Lámpara |
| entrada de tensión | 110 - 240 Volt |
| Profundidad en cm | 6 |
| material | metal |
| Atenuación | Regulable en el sitio |
| base/porta lámparas | R7s |
| Alimentación (máx. Watt) | 120 Watt |
| Dimensions | H 17 cm L 33 cm |

Descripción

The Oluce Kelly 790 is a wall lamp. The reflector of the Kelly 790 is made of laser-cut metal. The wall plate is painted white, the reflector by Oluce in the surfaces white-lacquered or chromed.

The Kelly 790 gives its light indirectly upwards and downwards and thus ensures both modern and classical architecture in a great atmosphere. For the Kelly 790 a high-voltage halogen fuel rod is used, whereas in the similar sister model Kelly 791 LEDs are used.
