### Technical details

#### País de la Fabricación

#### fabricante

Luceplan

#### material

metacrilato

#### Diámetro en cm

140

#### Potencia en vatios

5,4 W

#### Dimensions

Ø 140 cm

### Descripción

The Luceplan Blow spare rotors are a spare part for the ceiling light Blow. The rotors are available in the following surfaces: transparent, transparent screenprinted, orange and colour mix (blue, green, orange). It contained three rotors in one set. They serve as a spare part for the Blow lamps or as a replacement element to give an existing lamp a new colour accent.
