| protección | IP20 |
| Volumen de suministro | LED |
| entrada de tensión | 110 - 240 Volt |
| material | acero Inoxidable |
| angulo del rayo | 70 grados |
| Atenuación | Regulable en el sitio |
| LED | incluyendo |
| Temperatura de color en grados Kelvin | 2.700 extra blanco cálido |
| diámetro de la lente | 100 mm |
| El rendimiento del sistema | 2 x 17,1 Watt |
| Flujo total luminoso en lm | 4.708 |
| Dimensiones | H 17 cm L 24 cm |

Descripción

The Licht im Raum Ocular Spot 2 Series 100 has rotating and tilting joints with which the light heads can be rotated as desired. The lenses have a diameter of 100 mm and are swivelable in the heads. The two-lamp ceiling spotlight can also be used as a wall spotlight. The light is bundled through the glass lenses and directed precisely to the right place. This is the larger and light-intensified spot lamp out of two variants.

Two LEDs with a beam angle of 70 degrees are integrated. The lamp made of stainless steel is offered in the surfaces matt nickel-plated and polished. The wall holder has a rectangular shape.
