

Ingo Maurer

Lucellino Doppio LED

Technical details

País de la Fabricación	 Alemania
fabricante	Ingo Maurer
diseñador	Ingo Maurer
año	2018
protección	IP20
Volumen de suministro	LED
entrada de tensión	110 - 240 Volt
material	Alas de plumas de ganso, metal
Atenuación	Regulable en el sitio con control de fase inversa
base/porta lámparas	E27
LED	incluyendo
Índice de reproducción cromática	>90
Temperatura de color en grados Kelvin	Dim to warm
Dimensiones del dosel	15 cm
reemplazo de la bombilla:	en el sitio mismo
El rendimiento del sistema	2 x 5 Watt
Flujo total luminoso en lm	760

Descripción

The Ingo Maurer Lucellino Doppio LED has two light arms. Each lamp arm is equipped with an LED illuminant with a power of 5 watts. On the sockets of the LED bulbs are attached wings made of real goose feathers, which make this lamp something very special. Goose feathers are the trademark of the popular Ingo Maurer Lucellino collection. The name of the lamp is a mixture of "Luce", which means "light" in Italian, and "uccelino", which means "little bird" in Italian. This lamp can be mounted on the ceiling or on the wall. The transformer is integrated in the wall / ceiling mounting. On-site dimming is possible. When dimmed, the Dim to warm technology changes the light colour of the lamp to a warmer tone (from 2,700 Kelvin to 2,000 Kelvin extra warm white).
