

Nyta

Tilt S Brass

Kabellänge

- 300 cm
- 500 cm

Technical details

País de la Fabricación	 Alemania
fabricante	Nyta
diseñador	jjoo design
año	2014
protección	IP20
Volumen de suministro	Leuchtmittel/Bulb
entrada de tensión	110 - 240 Volt
Diámetro en cm	18
material	latón
Color del cable	negro
ajuste de altura	altura determinada
Atenuación	Regulable en el sitio
base/portalámparas	E14
Alimentación (máx. Watt)	46 Watt
Dimensiones del dosel	12 cm, altura 9 cm
distribución de la luz	directamente
Dimensions	H 16 cm Ø 18 cm

Descripción

The Nyta Tilt S Brass is a pendant lamp with a lamp shade made of solid brass. The brass is polished on the outside and brushed on the inside. The pendant lamp can be repositioned again and again because its shade can be tilted or rotated along an elongated opening. It can be tilted by a maximum of 110 degrees and rotated by 360 degrees. A self-fixing suspension ensures a firm hold of the lamp. The canopy and the textile cable are black. The cable is available in lengths of 300 cm or 500 cm. It can be shortened if necessary. The Tilt S Brass can be operated with halogen lamps or LED retrofit light sources. The pendant lamp has already won numerous design awards.

The elaborate manufacturing process of the Tilt S Brass combines traditional craftsmanship with modern technology. The contour of the shade is cut out with a 3D laser. The surfaces of the shade are then polished, brushed and sealed. The use of the genuine, warm material brass creates an outstanding brilliance of the Brass lamps from Nyta.
