

# Catellani & Smith

## Ciclotalia F

### Technical details

<b>País de la Fabricación</b>	 Italia
<b>fabricante</b>	Catellani & Smith
<b>diseñador</b>	Enzo Catellani
<b>año</b>	2018
<b>protección</b>	IP20
<b>Volumen de suministro</b>	LED
<b>entrada de tensión</b>	110 - 240 Volt
<b>material</b>	latón, vidrio
<b>Atenuación</b>	dimmers integrados
<b>Potencia en vatios</b>	5 W
<b>LED</b>	incluyendo
<b>Indice de reproduccion cromatica</b>	80
<b>El flujo luminoso en lm</b>	600
<b>Temperatura de color en grados Kelvin</b>	2.700 extra blanco cálido
<b>Dimensiones del soporte de la lámpara</b>	longitud 21, anchura 21 cm
<b>reemplazo de la bombilla:</b>	en el fabricante / en la fabrica
<b>Dimensions</b>	H 140 cm

### Descripción

The Catellani & Smith Ciclotalia F is a floor lamp with joints at the lamp head and at the lamp base, over which the lamp can be adjusted again and again. The floor lamp is completely made of untreated brass, which can change over time and cause an intended oxidation effect. The light of the LED light source is bundled by a frosted glass lens. The light is maximum 140 cm high and has a square base measuring 21 x 21 cm. This floor lamp can be dimmed and switched via a touch dimmer on the head. A memory function saves the last brightness level set and automatically selects it the next time the power is turned on. The design is a reinterpretation of the Ciclocina lamp series created by Enzo Catellani in 1989.
