## Descripción

The Marset Ginger A XL 42 is a wall lamp with a lamp arm that can be extended from a minimum of 94.5 cm to a maximum of 120 cm. The lamp arm can also be swivelled at an angle of 180 degrees. In addition, the lamp shade, which is suspended from the lamp arm, can be adjusted in the suspension height: from a minimum of 13 cm to a maximum of 55 cm. The lamp shade is available in wenge or oak. The inside of the shade is white in both versions. The wall light is also on offer in two versions: with a plug lead or for direct connection with wall mounting. The version with plug lead can be regulated via a 3-step dimmer on the lead, while the wall-mounted version can be dimmed on site. A recessed lamp version is also available on request. The light is directed by an LED below the shade upwards onto the shade and then reflected into the room.
