Descripción

The Escale Blade 44 cm is a wall and ceiling lamp with a diameter of 44 cm. It has a depth of 3.5 cm. The light from this lamp is emitted to the wall or ceiling behind it, from where it is reflected and forms a halo effect around the lamp. This ceiling and wall lamp is available in the surfaces white matt, black matt, silver matt anodised, concrete look, gold leaf, taupe anodised and anthracite. An LED with a colour temperature of 2,700 Kelvin extra warm white is included.

The Blade 44 cm is offered in three versions: on site dimmable with trailing edge and leading edge dimmer, with Casambi module or with ZigBee module. The Casambi Module version can be dimmed with the Casambi App using a Smartphone / Tablet via Bluetooth. The ZigBee module version can be regulated via voice control. With the accessory connecting set, two Blade lights can be connected together and plugged to a single power connection. With several connecting sets, it is possible to create a large lamp from several single lamps. A Plug and Play cable with toggle switch is additionally available as an accessory, with which the Blade lamps can also be connected directly to a power socket.
