#### Descripción

The Cini & Nils Assolo 43 ceiling lamp consists of a ring with a diameter of 43 cm. The inner surface of the lamp is illuminated by an integrated LED, so the inner surface reflects the light and numerous light and shadow effects are created on the lamp itself and the ceiling. The ring is available in white, black and matt gold. The integrated LED of the Assolo 43 ceiling light has a colour temperature of 2,800 Kelvin warm white and can be dimmed on site with a trailing edge phase dimmer. It can also be dimmed via Bluetooth using a smartphone / tablet with an optionally available Casambi module.
