

Serien Lighting

Cavity Ceiling S

Oberfläche

- aluminio
- negro
- bronce
- blanco

Technical details

País de la Fabricación	 Alemania
fabricante	Serien Lighting
diseñador	Jean-Marc da Costa und Manfred Wolf
año	2019
protección	IP20
Volumen de suministro	LED
entrada de tensión	110 - 240 Volt
Diámetro en cm	10
material	aluminio
Atenuación	dimnable con control de fase inversa y con reguladores de control de fase
Potencia en vatios	12 W
LED	incluyendo
Indice de reproduccion cromatica	>95
El flujo luminoso en lm	1.220
Temperatura de color en grados Kelvin	2.700 extra blanco cálido
reemplazo de la bombilla:	en el sitio mismo
Dimensions	H 8 cm Ø 10 cm

Descripción

The Serien Lighting Cavity Ceiling S is a ceiling light with a height of 8 cm and a diameter of 10 cm. The light is emitted downwards from this lamp. The LED illuminant is recessed into the lamp, which shields the light from the sides and at the same time the light is simultaneously reflected by the lamp itself. The Cavity Ceiling S is made of aluminum and is available in black, white, aluminum gloss finish and bronze finish. The integrated LED is replaceable and can be dimmed on site with a trailing edge or leading edge phase dimmer. As standard, the ceiling lamp is supplied with a colour temperature of 2,700 Kelvin extra warm white. On request, it is also offered with 3,000 Kelvin warm white.
