#### Descripción

The SLV Eskina Frame 75 FL Double outdoor lamp can be fixed to the ground through four existing holes in the rectangular aluminium frame. This matt anthracite aluminium LED lamp is 11.5 cm wide, 7.3 cm deep and 75 cm high. The flange for fixing the lamp to the floor is 15.5 cm wide and 11 cm deep. Two rotatable lamp heads provide flexibly adjustable light emission. If required, the colour temperature of the Eskina Frame 75 FL Double can be changed from 3000 Kelvin warm white to 4000 Kelvin white using a switch (CCT Switch) integrated in the lamp. With an IP65 rating, SLV's Eskina Frame 75 FL Double is ideal as an outdoor light, as it is dust-tight and protected against water jets from any angle. An IP68 junction box, required to connect the lamp, is available as an accessory.
