Descripción

The Bomma Lantern Table is a table lamp with a mouth-blown glass. In total, the lamp is 40.5 cm high. Its glass has a diameter of 22.5 cm and is made of crystal glass. Each glass is mouth-blown individually and is therefore unique, so that the colour shade and intensity can vary.

The Lantern table lamp is available in the glass colour smoke grey. During the production of the smoke grey glasses, clear crystal glass is mixed with coloured glass so that the glass colour does not fade. The lamp base is offered in the surfaces steel black matt powder-coated. The socket each have the matching surface as the base and is operated with a replaceable LED retrofit.
