## Pebbles Pendant Small Configuration 5

### Technical details

<b>País de la Fabricación</b>	 Alemania
<b>fabricante</b>	Bomma
<b>diseñador</b>	Boris Klimek
<b>protección</b>	IP20
<b>Volumen de suministro</b>	LED
<b>entrada de tensión</b>	230 - 240 Volt
<b>Diámetro en cm</b>	26
<b>material</b>	crista vidriol, metal, Textil
<b>Color del cable</b>	negro
<b>longitud del cable</b>	250 cm
<b>ajuste de altura</b>	altura determinada
<b>Atenuación</b>	Regulable en el sitio con control de fase inversa
<b>Potencia en vatios</b>	17,9 W
<b>LED</b>	incluyendo
<b>Indice de reproduccion cromatica</b>	>90
<b>El flujo luminoso en lm</b>	2.680
<b>Temperatura de color en grados Kelvin</b>	2.700 extra blanco cálido
<b>Dimensiones del dosel</b>	27 cm
<b>Dimensions</b>	H 79 cm   Ø 26 cm

### Descripción

This Bomma Pebbles Pendant Small consists of an oval, elongated glass and a spherical glass. The upper oval glass is in black, the lower spherical glass in white. If desired, the two glasses of the lamp can also be arranged the other way round. Each glass is made individually from mouth-blown crystal glass. With traditional glass blowing, there may be small bubbles or irregularities in the glass, these are signs of craftsmanship. Clear crystal glass is mixed with coloured glass during the production process, which makes the glass colour particularly long-lasting. Each glass is individually hand-worked, so the colour intensity and tone can vary.

The metal suspension of the pendant lamp is powder-coated in matt black. The cable with a maximum length of 250 cm can be shortened if necessary. On request, the lamp is also available with other cable lengths. An LED with a colour temperature of 2,700 Kelvin extra warm white is integrated as illuminant. Bomma also offers the Pebbles pendant lamp in other colour and shape combinations of the glasses. On request, it is also possible to put together a lamp with any glass combination.
