

# Gera Leuchten

## Avion Floor Lamp

### Oberfläche

- aluminio
- negro
- blanco

### Technical details

<b>País de la Fabricación</b>	 Alemania
<b>fabricante</b>	Gera Leuchten
<b>protección</b>	IP20
<b>Volumen de suministro</b>	LED
<b>entrada de tensión</b>	230 - 240 Volt
<b>material</b>	aluminio
<b>longitud del cable</b>	200 cm
<b>Atenuación</b>	Interruptor de micro botones en la luz
<b>Potencia en vatios</b>	26 W
<b>LED</b>	incluyendo
<b>El flujo luminoso en lm</b>	1.260
<b>Temperatura de color en grados Kelvin</b>	2700 - 6000 ajustable
<b>reemplazo de la bombilla:</b>	en el sitio mismo
<b>Dimensiones</b>	H 180 cm

### Descripción

The Gera Leuchten Avion is a floor lamp with a height of 180 cm. An LED with a power of 26 watts is integrated in the round lamp rod of the Avion by Gera Leuchten. The lamp has a 2 metre long connection cable with integrated foot switch. With its curved profile cross-section, the Gera Avion floor lamp is reminiscent of the gentle wing shape of a bird. This lightness in design is reflected in its operation: the lamp can be dimmed and the colour temperature adjusted from 2,700 Kelvin extra warm white to 6,000 Kelvin cool white via an integrated microswitch. The lamp is available in anodised aluminium, black or white lacquer. It is designed as a reflected wallwasher and illuminates the room, even in front of large curtains.
