### Descripción

The Domus Plan B is a pendant lamp with a white lampshade made of Lunopal. Lunopal is a high-quality shade material that was developed by Domus. This material is thermally highly resilient and can withstand temperatures of up to 100°C. Lunopal is white transparent and gives the impression of fine Japanese paper. The completely environmentally friendly material is UV-resistant, washable and does not yellow. The oiled wooden elements of the luminaire are optionally available in beech or beech maron-oil finish. The cable length of this height-adjustable luminaire is 200 cm. The 35 cm high lampshade has a diameter of 40 cm. The Plan B pendant lamp has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
