<b>reemplazo de la bombilla:</b>	en el sitio mismo
<b>altura total</b>	20 - 250 cm
<b>Dimensions</b>	H 1 cm   B 4 cm   L 120 cm

### Descripción

The pendant lamp 40x10x1200 by the German manufacturer Gera is operated with an integrated LED. This LED pendant lamp is available in the finishes aluminium-coloured, stainless steel-coloured and black. The pendant lamp made of aluminium is 120 cm long, 4 cm wide and only 1 cm high. This elongated LED pendant lamp has a 58 cm long, 3.4 cm wide and 3.4 cm high rectangular ceiling suspension. The lamp connection is located directly at the connection terminal. The lamp is optionally available with a colour temperature of 2,700 Kelvin extra warm white and 4,000 Kelvin white. This LED lamp with rectangular cross-section emits its light brightly and glare-free downwards. The LED low-voltage technology used in this pendant lamp allows "cable-free" suspension from fine, current-conducting steel cables. The Gera Leuchten pendant lamp 40x10x1200 is adjustable in total height from 20 cm to 250 cm. The LED pendant lamp can be switched and dimmed touch-free via an integrated sensor dimmer. If required, the integrated LED can be changed by the user himself. The Gera Leuchten pendant lamp 40x10x1200 is also available in other lengths and as a version that can be switched and dimmed by remote control. On request, the lamp can also be supplied in special lengths up to a maximum length of 4 metres.
