Descripción

The Casino Floor light by Lichtlauf represents a geometric figure. A white dodecahedron as a luminous floor sculpture. The mild light of this lamp illuminates low room zones and thus creates a special lighting atmosphere. The white, portable lamp is made of resistant and high-quality polycarbonate. It is available with a diameter of 37 cm, 44 cm or 56 cm. The textile 250 cm long cable with foot switch is optionally available in white, red or grey. On request, the textile cable is also available in other colours and lengths. The Casino Floor by Lichtlauf has an E27 socket and can be operated with conventional halogen bulbs as well as with LED retrofit bulbs.
