## Descripción

The light is emitted by the Bover Platet A/02 LED wall lamp directly downwards and onto the wall behind the lamp, creating a wide cone of light on the wall. In total, this lamp has a projection of 30 cm and a height of 40 cm.

The Platet A/02 LED is offered with a lamp shade in the surfaces terracotta, light grey, olive grey and antique brass. From the inside, the lamp shade is in white. Wall bracket and lamp arm are in black.

The Platet A/02 LED wall lamp is operated with an integrated LED that has a colour temperature of 2,700 Kelvin extra warm white. The lamp is offered dimmable or non-dimmable. The dimmable version can be dimmed on site with a trailing edge phase dimmer. The non-dimmable version has a switch on the wall bracket.
