

Domus

Kioto 16

Technical details

País de la Fabricación	 Alemania
fabricante	Domus
año	1989
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
material	Lunopal, madera, metal
Atenuación	Regulable en el sitio con control de fase inversa
Potencia en vatios	44 W
LED	incluyendo
Indice de reproduccion cromatica	>80
El flujo luminoso en lm	6.800
Temperatura de color en grados Kelvin	3.000 blanco cálido
Dimensions	H 8 cm B 68 cm L 68 cm

Descripción

The Domus Kioto 16 can also be mounted as a wall lamp. It is suitable as a surface-mounted or recessed lamp. The Kioto 16 has a length and width of 68 cm. It is 8 cm high. The material Lunopal of the lamp shade was especially developed by Domus for its lamp shades. It is particularly environmentally friendly, does not fade and is reminiscent of fine Japanese paper. Around the lamp shade is a wooden frame made of beech. The ceiling and wall lamp is operated with a powerful, dimmable LED. A covering frame made of beech is available as an accessory, which can be used to conceal the metal holder of the lamp.
