

Knapstein

TILDA-S

Oberfläche

- níquel
- bronce
- arena
- negro

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
año	2024
material	Acryl, Steel
lámpara pie	Ø18 cm
Atenuación	control por movimientos
Potencia en vatios	17 W
LED #	inclusive
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	1904
Temperatura de color en grados Kelvin	2.200-3.500
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
Dimensions	H 110 cm

Descripción

The Knapstein TILDA-S LED floor lamp is equipped with a sensor dimmer that can be used to switch the lamp, dim it continuously and change the light colour. The sensor is located on the underside of the light head. Simply swipe the sensor to switch the lamp on or off. The light colour can be adjusted to a warmer tone (from a colour temperature of 3,500 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The Knapstein TILDA-S is available in different surfaces.
