Knapstein

KOSMA

Oberfläche

- níquel
- negro
- bronce

Technical details

País de la Fabricación	🇩🇪 Alemania
fabricante	Knapstein
año	2023
material	Acryl, Steel
lámpara pie	Ø14 cm
Atenuación	control por movimientos
Potencia en vatios	2 x 9 W
LED #	inclusive
Indice de reproduccion cromatica	> 90
El flujo luminoso en lm	2688
Temperatura de color en grados Kelvin	2.200-3.000
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
Dimensions	H 47,5 cm

Descripción

The sensor for gesture control of the Knapstein KOSMA LED table lamp is located inside the light rod. The corresponding light source is switched on or off with a swiping hand movement in the sensor area. To dim the light, the hand is held in front of the respective sensor until the desired light intensity is reached. Thanks to the integrated memory function, the last settings are saved and are immediately available again the next time the light is switched on. With the Knapstein Dynamic White control, the light colour can be adjusted to a warmer tone (between the colour temperature 3,000 Kelvin warm white and 2,200 Kelvin extra warm white). The Knapstein KOSMA is available in several different surfaces.
