

Knapstein

ASTRA-C-40

Oberfläche

- níquel
- bronce
- arena
- negro

Struktur

- Níquel
- negro
- bronce
- sand

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
año	2024
Profundidad en cm	8,5
Diámetro en cm	40
material	Acryl, Metall
Atenuación	Casambi
Potencia en vatios	39 W
LED #	inclusive
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	3654
Temperatura de color en grados Kelvin	2.200-3.000
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
reemplazo de la bombilla:	en el fabricante / en la fabrica
Dimensions	Ø 40 cm

Descripción

The Knapstein ASTRA-C-40 has a curved metal cover with freely combinable outer structures. This metal cover is placed on a magnet attached to the mounting plate. By turning the cover on the magnet, the distance between the cover and the wall or ceiling can be changed by up to approx. 35 mm at any time, making it easy to customise the light outlet. The LED lamp offers virtually loss-free and glare-free light emission and allows flexible brightness control. Equipped with the Casambi system, the Astra-C-40 enables flexible lighting control. The lamp can be switched on and off, dimmed continuously and the light colour (Knapstein dynamic white) adjusted from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white as required using a smartphone or tablet. All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The Knapstein ASTRA-C-40 emits indirect light, has a diameter of 40 cm and is 8.5 cm deep. This lamp can be mounted on the wall or ceiling. It is also possible to connect several ASTRA lamps together if an overlap is desired. The Knapstein ASTRA-C-40 is available in several surfaces and freely combinable external structures.
