

Knapstein

ZERA-1 with acrylic cover

Oberfläche

- níquel
- negro
- bronce

Technical details

País de la Fabricación	 Alemania
fabricante	Knapstein
año	2024
material	Acryl, Metall
ajuste de altura	altura ajustable
Atenuación	control por movimientos
Potencia en vatios	2 x12 W
LED #	inclusive
Indice de reproduccion cromatica	>90
El flujo luminoso en lm	2548
Temperatura de color en grados Kelvin	Dim to warm
protección	IP20
Volumen de suministro	LED
entrada de tensión	230 - 240 Volt
dosel	Ø 16 cm
cabeza del alumbrado masa	14 cm
altura total	70 - 170 cm

Descripción

The Knapstein ZERA-1 is characterised by its exceptional functionality. The LED pendant lamp emits its light upwards and downwards at the same time. The uplight and downlight can be switched and dimmed separately using gesture control (Knapstein Dynamic White). The light colour can be adjusted separately for the uplight and downlight to a warmer tone (from a colour temperature of 3,000 Kelvin warm white to 2,200 Kelvin extra warm white). All dimming and light colour settings are saved using the memory function and automatically reset the next time the light is switched on. The Knapstein ZERA-1 has a synchronisation function for adjusting the light intensity and light colour of all light sources on one side of the luminaire. The Knapstein ZERA-1 is switched on or off with a swiping movement of the hand in the sensor area. To change the light intensity, the hand is held longer in the sensor area. The desired light colour can then be set by holding the hand in the sensor area for a longer period again. The body of the lamp has a white acrylic cover with a visible edge at the side. The height of the light can be continuously adjusted from approx. 70 cm to 170 cm using the built-in lift height adjustment. Thanks to two lifts per luminaire body, the individual luminaire bodies can be precisely positioned in height - even on sloping ceilings. The ceiling canopy of the Knapstein ZERA-1 LED pendant lamp has a magnetic holder, so no external screw connections are visible. This pendant light is available in different surfaces.
