### Description

The Byok Tubina LED is a pendant lamp. The lamp body of the Tubina LED consists of aluminium and it is available with the surfaces being aluminum matt, matt black, matt white and aluminum polished. In addition to the expected downlight for tables and counters coming from one LED, the Tubina emits also a soft uplight with an additional LED.

An exclusive ambience is created no matter whether to install the Byok Tubina LED as a single lamp or in-line.
