

Ingo Maurer Light Au Lait

Technical details

Pays de fabrication	 Allemagne
fabricant	Ingo Maurer
concepteur	Maurer, Ingo & Team und Dumas, Fabien
année	2004
protection	IP20
Contenu de la livraison	Leuchtmittel/Bulb
aptitude de tension	110 - 240 Volt
Projection en cm	15
matériel	acier Inoxydable, silicone
longueur de câble	200 cm
base/version	G9
Transférabilité	contacteur à tirette
Puissance (max. Watt)	60 Watt
Dimensions	H 32 cm B 14 cm

Description

The Ingo Maurer Light Au Lait is a light thought up to the last detail. Although shapes colours materials and names seem to be trivial a wonderful composition of light design is achieved through the innovative combination. The choice of saucer cup and spoon for the lamp body justifies the name reference to café au lait. If you pull the spoon fixed at a tow cable placed vertically under the lamp the extraordinary light cone of this Ingo Maurer lights appears. However the Light Au Lait is not only a compositional delight but also because of the swivel head combining saucer and cup. This joint makes the luminaire rotatable at up to 180° and adjustable at 30°. The Ingo Maurer Light Au Lait may be installed both with an on-wall and an in-wall box. Please note that an on-wall box is inclusive with this lamp!
