

Ingo Maurer

Lucellino Doppio LED

Technical details

Pays de fabrication	 Allemagne
fabricant	Ingo Maurer
concepteur	Ingo Maurer
année	2018
protection	IP20
Contenu de la livraison	LED
aptitude de tension	110 - 240 Volt
matériel	Ailes en plumes d'oie, métal
atténuation	dimmerable sur place avec commande gradateur de phase inverse
base/version	E27
LED	y compris
Indice de rendu des couleurs	>90
La température de couleur en Kelvin	Dim to warm
canopée Dimensions	15 cm
remplacement des ampoules :	sur le site meme
Les performances du système	2 x 5 Watt
Flux lumineux total en LM	760

Description

The Ingo Maurer Lucellino Doppio LED has two light arms. Each lamp arm is equipped with an LED illuminant with a power of 5 watts. On the sockets of the LED bulbs are attached wings made of real goose feathers, which make this lamp something very special. Goose feathers are the trademark of the popular Ingo Maurer Lucellino collection. The name of the lamp is a mixture of "Luce", which means "light" in Italian, and "uccelino", which means "little bird" in Italian. This lamp can be mounted on the ceiling or on the wall. The transformer is integrated in the wall / ceiling mounting. On-site dimming is possible. When dimmed, the Dim to warm technology changes the light colour of the lamp to a warmer tone (from 2,700 Kelvin to 2,000 Kelvin extra warm white).
